Keep this page separate while learners try the activity.

1. tail

The raccoon's favorite bedtime story is a fairy tail.

Tail sounds like tale, another word for a story. A raccoon has a tail.

2. paws

To stop the movie, the raccoon presses paws.

Paws sounds like pause, which means to stop for a little while. Paws are an animal's feet.

3. can

The helpful raccoon drummer has a can-do attitude.

A can-do attitude means being ready to help and try. A can is also the metal container in the pretend band.

The drawing challenge
